130 BELLISSIMA

OVERVIEW.

The RIVA 130 is a new build open design project by Riva. The RIVA 130 is a 40m (131.2ft) yacht designed by Officina Italiana Design. She can accommodate 10 guests in five cabins. In ensuring the most relaxed and professional yachting experience for the guests, the RIVA 130 also has berths for seven crew in four crew cabins.

She will be powered by two MTU 16V 2000 M96L engines that will allow her to reach a maximum speed of 23 knots and have a comfortable cruising speed of 20 knots. The RIVA 130 will have a range of 1000nm at 11 knots.

Her hull and superstructure will be composed of a composite similar to glass reinforced plastic.

She has a draft of 2.27m (7.4ft) which allows the RIVA 130 to travel around and explore many anchorages and locations that similar yachts cannot enter safely.

Key features

Accommodation for 10 guests in five cabins

She can reach a maximum speed of 23 knots with a cruising speed of 20 knots

Range of 1000nm at 11 knots

Shallow draft allows for extensive cruising capabilities
