ALTHEA APERÇU.

ALTHEA is a motor yacht with a length of 48m. The yacht's builder is Admiral from Italy who delivered superyacht ALTHEA in 2020. The superyacht has a beam of 8.8m, a draft of 2.1m and a volume of 499 GT.

ALTHEA features exterior design by Admiral with an aluminium hull and superstructure. Up to 10 guests are accommodated on board and with a cruising speed of 16.0 kn and a top speed of 17.5 kn. ALTHEA has a range of 10.0/3500 n/m nautical miles at a speed of 16.0 kn.

The largest project at the time in Admiral's Atos series, tri-deck ALTHEA presents a unique opportunity in the under 500 GT market. Only ever used privately, she enters the market in immaculate condition after an extensive refit during 2024-2025. Her minimalist interior design by Gian Marco Campanino is flooded with light thanks to her floor-to-ceiling windows and her expansive exterior offers many options for relaxing and entertaining as well as a significant beach club for connecting directly with the sea

Principales caractéristiques

Underwent an extensive refit at Monaco Marine during 2024-2025

Full beam master cabin

Large interior space while remaining under 500GT

RINA class

Expansive outdoor areas

Minimalistic design by Gian Marco Campanino

Floor to ceiling windows
