ANOMALY

OVERVIEW.

ANOMALY (ex RIBELLE), the 32.6m (106.9ft) multi-award-winning sailing sloop built by Vitters Shipyard in 2017 in The Netherlands. Designed by Malcolm McKeon Yacht Design with interiors by Remi Tessier, ANOMALY combines cutting-edge performance, innovative materials, and refined living spaces, delivering both racing pedigree and luxurious comfort.

Her modern carbon fibre and titanium construction, with a lightweight displacement of just 90 tonnes, allows ANOMALY to achieve speeds exceeding 20 knots in moderate conditions. She fully meets her experienced owners' brief to experiment with new materials while providing all the comforts of home on the water. The yacht's bright and contemporary interior design, styled by Remi Tessier, complements her striking exterior lines and sleek naval architecture by Malcolm McKeon, creating a seamless balance of performance and luxury.

Built to excel in the world's superyacht regattas, ANOMALY has an extensive record of top positions, demonstrating her racing pedigree alongside her elegant liveaboard comforts. In 2025, she received a full replacement running rigging package from Rigging Projects, fitted with new turning blocks to ensure optimal performance and reliability. Her meticulous design and construction, combined with innovative materials and thoughtful engineering, make ANOMALY a yacht that truly stands out both on and off the racecourse.

ANOMALY is more than a sailing yacht – she is a statement of innovation, performance, and timeless elegance.
