ANYA

OVERVIEW.

The 40m (131.4ft) ANYA is one of the much-heralded semi-displacement Sunseeker 40m series. This 341GT yacht was built in composite to RINA classification and MCA compliance, styled by the UK-based shipyard, delivered in 2015 and last refitted in 2020-21 during her class survey. ANYA has been unstintingly maintained and presents in excellent condition.

An expansive sun deck has a jacuzzi forward flanked by sun pads, a marble-topped sit-up wet bar with sink and BBQ and lounge seating beneath the hardtop and a versatile space aft currently used for sun lounging.

Steps to starboard lead down to the upper deck aft where there is open-air dining shaded by the overhang and a sun lounge with two L-shaped corner sofas aft.

More steps lead to the spacious main deck aft, which has a sun lounge aft with banquettes and club seats around a coffee table. Steps aft lead down to a large hydraulic swim platform that can be lowered into the sea for swim-on boarding. Inside the transom door is stowage for the yacht's Williams DieselJet 565 tender and toys.

From the main deck aft the starboard sidedeck leads to steps up to a foredeck sun lounge with a large daybed. Forward of that is the mooring area.

From the main deck aft, floor-to-ceiling glass doors slide back to reveal the main saloon. Sofas and armchairs are arranged around a circular coffee table and full-height sliding glass doors either side lead out to fold-down balconies. Forward is a formal dining area.

In the sky lounge there is an L-shaped sofa and two armchairs, a corner office and a fully equipped bar. On the forward bulkhead there is a large TV, which turns the space into a cinema room.

ANYA welcomes up to 12 guests in five cabins. The owner's suite is full beam and forward on the main deck. Forward is an en suite with bath and shower room, three walk-in wardrobes and a large, four-panelled picture window to starboard.

The lower deck is home to two double cabins and two convertible cabins, each of which has an additional berth. All lower deck cabins are en suite with shower rooms.

Twin 3,180hp MTU diesel engines give her a top speed of 22 knots, a cruising speed of 15 knots and a range of 1,500nm at her passage speed of 11 knots. Zero speed and underway stabilisers ensure guest comfort at all times.

Key features

10-Year class survey completed

Twin MTUs give a top speed of 22 knots and cruising at 15 knots

Up to 12 guests in five spacious cabins, with a full-beam main deck master
