

ASR

ASR

OVERVIEW.

ASR was delivered in 2025 and is among the newest Azimut Grande 27 yachts on the charter market – a rare chance to step on board a brand-new yacht before anyone else. At 26.8m, she blends sleek Italian style with serious pace, reaching 28 knots for effortless island hopping adventures.

ASR's flybridge is the social heart of the yacht: sun pads and relaxed seating up front, then a BBQ and bar aft with plenty of space to stretch out. It's made for slow mornings savouring your coffee as you take in the views of your new anchorage, and or golden-hour evenings as the chef grills the day's catch. On the main deck, there's more room to lounge, and when it's time to get closer to the sea, ASR's Pivoting Platform Expander folds the transom down into beach mode, creating more space at the water's edge.

Inside, Achille Salvagni's contemporary design feels calm, sculpted, and beautifully flowing – soft lines, organic shapes, and a light, airy atmosphere throughout. Expansive full-height windows keep your surroundings front and centre, so even when you head inside, you never lose your connection to the water.

ASR welcomes up to 10 guests in five en suite cabins, including a full-beam master suite on the main deck. Below, you'll find two doubles and two twins – an ideal arrangement for families, friends, or a mixed group looking for both privacy and flexibility.

With a cruising speed of 24 knots and zero speed stabilisers, ASR is built for guests who want to see more, do more, and still feel they're in complete comfort. Add to that her shallow draft and she can slip into spots larger yachts can't reach – perfect for exploring hidden coves and coastal gems along the South of France and the Italian coastline.

Key features

Brand new to the charter market, delivered in 2025

Full-beam master suite on the main deck

Beautiful contemporary interiors by Achille Salvagni

Floor-to-ceiling windows in the main deck lounge – exceptionally light and airy for her size

Flybridge with outdoor bar and BBQ

Tender garage with fold-down swim platform

Fast and versatile – top speed of 28 knots, able to access destinations larger yachts can't reach

Zero speed stabilisers to reduce any rolling motion while at anchor
