ASYA

APERÇU.

ASYA is a luxurious 47m (153ft) displacement motor yacht, constructed by Heesen Yachts and delivered in 2015. ASYA boasts a sophisticated exterior design by Frank Laupman from Omega Architects. This superyacht's style combines traditional elegance with contemporary lines that compliment her sophisticated interior, designed by Bannenberg & Rowell.

ASYA can comfortably accommodate up to 12 guests in five luxurious cabins. Each cabin is inviting with its warm color palette and plush beds. The yacht's full-beam master suite is located on the main deck and features an en-suite bathroom with a bathtub and separate shower, a walk-in wardrobe and a study. Further guest cabins are located on the lower deck. They include two double cabins and two twin cabins with pullmans. Each cabin is complete with its own en-suite facility.

ASYA's symmetrically styled main salon is subtly divided into three impressive and different living areas. Within this is a formal dining space with a large Makassar ebony topped dining table that can seat up to 12 guests, a lounge area with a games table, cinema setup and a concealed bar and wine room.

The exterior spaces of superyacht ASYA provide the perfect family environment with a large aft lounging area, an upper deck terrace featuring alfresco dining space, and a sundeck. The sundeck is complete with a Jacuzzi, fully equipped bar and sunpads.

Powered by twin MTU 8V 4000 M63 diesel engines, ASYA has a cruising speed of 10 knots and a maximum speed of 15 knots. This steel hull yacht features a transoceanic range of 4,000 nautical miles. Her zero speed stabilizers ensure a comfortable and safe cruising experience.

Maintained to an exceptional standard, she has undergone continuous upgrades throughout her life, most recently completing a comprehensive multi-million-euro enhancement programme. Her 10-year class survey was finalised in 2025, further underlining her superb condition and readiness.
