ATTITUDE

OVERVIEW.

ATTITUDE is the first delivery of the Baglietto DOM 133 series, a tri-deck yacht conceived for modern ownership, efficient long-range cruising and immediately available without the wait times of a new build.

Built with an aluminium hull and superstructure and naval architecture by Baglietto, she has been designed to operate equally well on transoceanic passages and in shallow cruising grounds.

Exterior design by Studio Vafiadis presents clean, contemporary lines, while the interior by Ezequiel Farca is quietly refined and intentionally understated.

The DOM 133 concept focuses on usability and volume. Main and upper deck saloons are generous and light-filled, with large windows and a calm, cohesive palette that lends itself to extended time onboard. The general arrangement prioritises comfort, simplicity and flow.

Accommodation is arranged across five well-proportioned staterooms for up to 10 guests, complemented by crew accommodation for seven, allowing for discreet service and excellent operational capability.

Exterior spaces are particularly strong for a yacht of this size. The main deck aft is arranged for relaxed dining, while the upper deck offers an informal lounge area. The sundeck is expansive and well equipped, with dining, sunpads, bar, barbecue and a Jacuzzi. Additional guest seating and sunbathing space is available on the foredeck. At sea level, ATTITUDE features a split-level beach club with a lifting-floor infinity pool, increasing flexibility at anchor and enhancing the connection to the water.

Powered by twin Caterpillar engines, she cruises at 14 knots, reaches a maximum speed of 17 knots, and offers a range of approximately 4,000 nautical miles at 10 knots, underlining her capability for longer passages.

ATTITUDE presents a rare opportunity to acquire a recent-delivery Baglietto with proven design, strong range and a highly practical layout, ready for immediate use.

Key features

First Hull of the acclaimed DOM 133 series

Aluminium hull & superstructure

Split level beach club with lifting-floor infinity pool

4,000nm range
