AZUL V

OVERVIEW.

Delivered in 1996 by the well-respected Italian shipyard CRN Ancona with classic exteriors designed by the late, great Paolo Scanu and styled inside by French-based Zuretti interior designers, AZUL V underwent a transformative rebuild in 2015, which won a judges' commendation for achievement in the 'Rebuilt Yacht' category in the World Superyacht Awards 2016.

This 48.2m (158.1ft) offers expansive deck areas; a generous sun deck equipped with a jacuzzi, bar, sun pads and gym equipment, the upper aft deck perfect for dining options and the main aft deck where her two large tenders are stored.

AZUL V accommodates six cabins. The full-beam master suite, forward on the main deck, has his and hers bathrooms, walk-in wardrobe, sofa, vanity table and a separate office area. There is a VIP suite on the lower deck with his and hers bathrooms, a walk-in wardrobe and a lounge. Accommodation is completed by a double cabin on the main deck, two twin cabins on the lower deck, and a single cabin on the bridge deck.

Powered by two 2,285hp Deutz engines, this steel and aluminium yacht can reach a top speed of 17 knots, and comfortably cruise at 15 knots with a transatlantic range of 5000 nm (at 10 knots).

Already a popular charter yacht, AZUL V is now ready for her new owner.

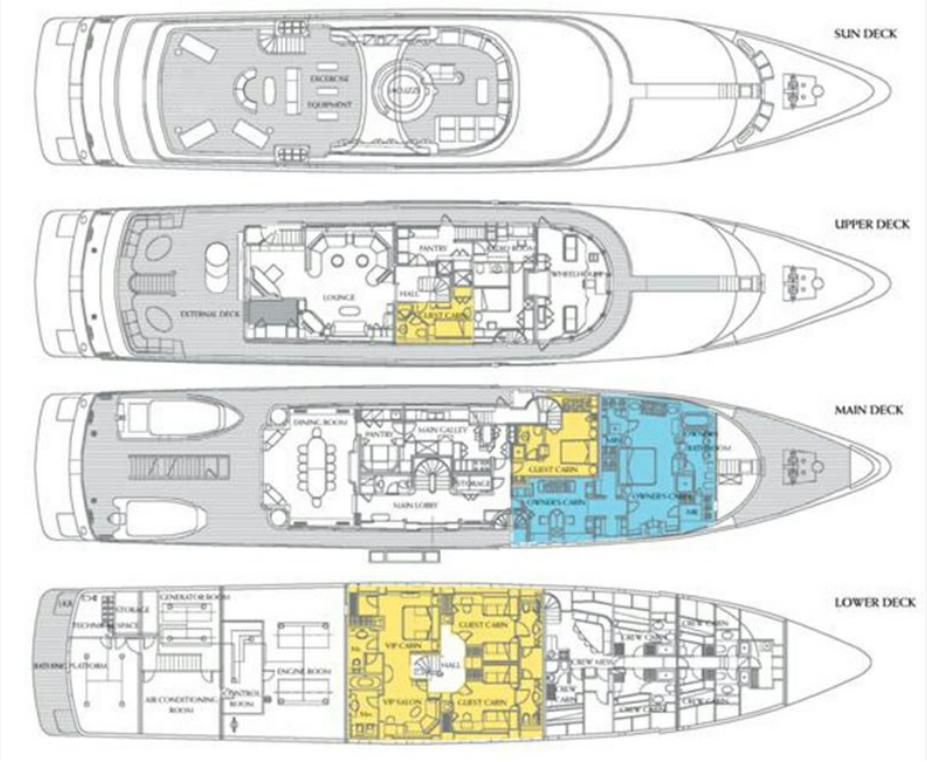

Key features

Winner in the 'Rebuilt Yacht' category of the World Superyacht Awards 2016

Accommodation for 11 guests in 6 cabins

RINA Classification and MCA compliant

Strong charter reputation
