BELLE ILE

OVERVIEW.

BELLE ILE is a 28.43 metre Navetta 30 built in Italy by Custom Line and delivered in 2023.

She was designed by Filippo Salvetti and the naval architecture was developed by Ferretti Engineering Department.

She is decorated with a modern and stylish interior, featuring a calming, neutral colour palette, wooden accents and pops of blue. The spacious main deck features a capacious main salon with spacious sofa seating and a formal interior dining setup.

BELLE ILE accommodates 8 across four cabins - her full-beam Owner's suite on the main deck, and three guest cabins on the lower deck. A full study on the lower deck could be easily converted back into a fifth guest cabin, to accommodate a total of 10.

A standout feature of BELLE ILE's exterior is the brand-new techno gym equipment situated on her beautiful sundeck, as well as a barbeque and sofa seating with panoramic ocean views.

Her top speed is 14.5 kn, her cruising speed is 13.0 kn, and she boasts a maximum cruising range of 2050.0 nm at 10.0 kn, with power coming from two MAN diesel engines.

Key features

Delivered in 2023 and maintained to an exceptionally high standard
