BIG SHARK

APERÇU.

BIG SHARK is a stunning recent example of Sanlorenzo's 500 EXP series, benefitting from all the comforts of a traditional motor yacht while retaining the capabilities of a world cruiser. Delivered in 2024 and built with a steel hull and aluminium superstructure, her sleek, powerful exterior lines are crafted by Francesco Paszkowski, with naval architecture by Sanlorenzo and interiors by Studio Indigo.

Designed for adventure, BIG SHARK accommodates an impressive collection of tenders and toys. Her vast aft deck and stowaway crane allow for tenders up to 9 metres, with the deck doubling as a helipad. The lower deck houses an indoor garage with additional storage for tenders up to 7 metres, which opens on to the sea to create a generous swim platform, ensuring exceptional access to the water. Other outdoor spaces are dedicated to relaxation and entertainment, including a bar, al fresco dining area, and lounge on the upper deck. Additionally, guests will enjoy the sun deck's stunning sea views, jacuzzi, sunpads, and an additional bar and dining option.

BIG SHARK's interior is light and contemporary, beautifully complementing the seascapes outside. The main saloon features an open-concept layout with a large circular lounge, bar, and dining table with bench seating. Forward, the full-beam master suite, featuring a large fold down balcony, connects to a spacious office offering a private retreat by the sea. On the lower deck, BIG SHARK comfortably accommodates up to 10 additional guests in two VIP/double cabins and two twin cabins, each with a pullman berth. The upper deck's tranquil sky lounge provides excellent sea views and natural light through expansive windows.

Powered by twin Caterpillar engines, BIG SHARK reaches a top speed of 15 knots and cruises comfortably at 12.5 knots. A true world cruiser, she boasts an exceptional range of nearly 6,000 nautical miles at an economical speed of 11 knots or 4,300 nautical miles at cruising speed, ready for any adventure.
