

BIJIN

BIJIN

OVERVIEW.

Currently in the shipyard for winter maintenance and a complete rebrand, BIJIN will emerge 1 July 2025 in pristine condition.

Her interior refit is carried out by renowned Italian firm Hot Lab Yacht Design. Inspired by her Japanese name, BIJIN, and adopting a 'japandi' philosophy, she combines the warm blend of the original Rhodesian teak together with the softness and delicacy of the Japanese minimalist design.

Upgrades include: full hull and superstructure repaint, installation of cutting-edge AV/IT including Starlink, new Smart TV's throughout, new upholstery, bespoke lighting and new exterior upholstery and awnings, which will provide a racing feeling, courtesy of the yacht's futuristic lines and carbon fibre poles.

Welcoming 10 guests in five cabins, including an exceptional 61sqm master suite located on the main deck forward with his-and-hers dressing rooms and dual en suite bathrooms for unparalleled privacy and comfort. The lower deck features two VIP suites, one twin cabin, and one double, all with en suite facilities.

Equally impressive are BIJIN's expansive outdoor spaces, spanning over 237sqm. The foredeck transforms into a vibrant entertainment area once the rescue tenders are deployed, perfect for hosting celebrations. The aft lower deck boasts a 21.5sqm beach club and wellness area complete with a newly equipped gym with a Technogym treadmill, spinning bike and training tools, as well as a sauna, all accessible from the main lounge via a spiral staircase.

Adding to her allure is an impressive collection of watertoys, including surfboards, Audi eFoils, Porsche FS9 seabobs, diving equipment, and high-performance sailing catamarans. For the ultimate thrill, BIJIN will feature two CudaJet Underwater Jetpacks, making their world premiere, ensuring unforgettable adventures on the water.
