

BOLD

BOLD

OVERVIEW.

The first thing you note as you step aboard BOLD is the space. From the vast main deck aft with its certified helipad, to the spacious owner's deck with winter garden and the large upper deck with semi enclosed dining, every area has a dual purpose and can be used in every climate. Perhaps start your day with a swim in the sun deck jacuzzi, sheltered from the wind by glass panelling, or a workout in the heli hanger gym and yoga room. After working up an appetite, reward yourself with a delicious breakfast while enjoying stunning views over the horizon from the sumptuous seating area that surrounds the sun deck's large al fresco dining area.

Following a morning of exploration, retreat from the heat of the midday sun to the air conditioned winter garden and enjoy lunch prepared on the Teppanyaki BBQ by your talented chef. If you prefer to enjoy the al fresco lifestyle, the impressive space can also be opened to the elements with a retractable glass panel system.

After lunch, spend a few hours discovering BOLD's toy box from her floating platform. Explore the surrounding waters onboard her Sea-Doo waverunners or learn to sail on the laser sailing dinghies instructed by her well-qualified crew. Back on board step inside to the upper deck lounge or owner's deck and relax before preparing for dinner. Both decks offer a similar set up, with a light and contemporary interior design that is luxurious and functional. Her 300sqm loft style space on the upper deck, completely surrounded by full height windows, is the perfect place to enjoy an afternoon movie, lounging on the sumptuous sofas. Stylish teak and oak panelling, metallic painted features, oak and marble floors, and her full height windows all combine to create an elegant and comfortable atmosphere.

Whether you choose to dine on the upper deck al fresco style or in the winter garden under cover, BOLD's crew will impress with their tablescaping skills, creating a spectacular setting for all occasions. The heli hanger may not seem like the obvious place for a nightcap, but this is the place to head for a disco because of its integrated sound, media and light system. Alternatively, head up to the sun deck for a movie under the stars. However you wish to spend your time aboard, BOLD and her crew of 20 will ensure you have the best adventure possible.

Key features

Boat International Design & Innovation Awards 2020 Outstanding Lifestyle Feature winner
