BUNKER

OVERVIEW.

The 39.6m (132.8ft) CRN tri-deck motor yacht BUNKER combines proven Italian craftsmanship with extensive recent upgrades, presenting an exceptional opportunity for a buyer seeking a turnkey yacht with strong pedigree. Delivered in 2005 to a design by Zuccon International Project and comprehensively refitted in 2025, she has benefited from significant investment, including a full paint job in 2024 and completion of her 20-year special survey.

BUNKER accommodates up to 12 guests in five beautifully appointed cabins, comprising a full-beam master suite on the main deck, two VIP cabins and two twin cabins. Her contemporary interior is warm and inviting, blending white leather, cherry wood finishes, soft textures, Roche Bobois furnishings and carefully curated contemporary artwork.

Designed for relaxed indoor-outdoor living, BUNKER offers a variety of social spaces across her expansive decks. The main deck aft provides a comfortable lounge area and wet bar for alfresco dining and entertaining, while the upper deck features additional lounge seating, panoramic views and an outdoor dining area. Above, the generous sundeck is equipped with a jacuzzi, sunpads and shade awnings, creating the perfect setting for enjoying life on the water. A large swim platform offers effortless access to the sea and a wide selection of water toys.

Powered for both comfortable cruising and faster passages, BUNKER cruises at 15 knots and reaches a top speed of 22 knots. Underway and zero-speed stabilisers ensure outstanding comfort at anchor and while cruising. Meticulously maintained, extensively upgraded and ready for immediate enjoyment, BUNKER represents a compelling opportunity in the 40m market.

Key features
