CADA DIA

CADA DIA

CADA DIA

CADA DIA

OVERVIEW.

Designed by RWD with naval architecture by Pierluigi Ausonio, CADA DIA combines contemporary styling with impressive volume, offering 386GT of well-balanced accommodation and guest spaces. Twin MAN engines deliver a top speed of 17 knots, while her 4,000nm range and shallow 2.1m draft support versatile cruising.

Generous outdoor spaces are a key feature of CADA DIA, with a versatile sundeck offering shaded dining for up to 14 guests, a bar and ample lounging areas. The main salon is bright and welcoming, complemented by a formal dining area and dedicated gym.

A standout feature is the expansive beach club, complete with a swimming pool, lounge seating, sunpads and fold-down terraces that create an exceptional connection to the water.

The contemporary interior by Bonetti/Kozerski Architecture combines soft neutral tones, pale woods and abundant natural light. Accommodation is for up to 14 guests in seven cabins, including a full-beam owner's suite on the upper deck with private aft deck access, office and dressing areas. Two VIP cabins are located on the main deck, with four further guest cabins on the lower deck.

A 5.98m Castoldi Jet Tender 19 supports guest transfers, while a Seabob, kayak, paddleboard and electric eFoil provide a variety of opportunities to enjoy the water.
