

CARINTHIA VII

OVERVIEW.

CARINTHIA VII makes her charter début in glorious form, following an extensive refit in 2023. Previously unobtainable for charter, she is now finally available and sure to pique the interest of yachting connoisseurs. This iconic 97-metre (319ft) Lürssen yacht, a timeless design by Tim Heywood, spans six full decks of luxurious interior living space. Her extensive outside decks offer a wide variety of spaces – sunny and shaded, sheltered and breezy, sociable and secluded – for up to 12 guests to enjoy.

There are eight guest suites on board, plus separate quarters for six of your staff or servants. The master suite, on its own private deck, includes a VIP double as well as the owner's cabin, which has a separate private living room and a commanding 180° view from its super king size bed. The owner's deck also includes a club lounge and a spacious outside aft deck.

The other six guest cabins are all at the forward end of the main deck, so none of your guests need be relegated to sleep down below. An elevator links all levels of the yacht, and with a crew of 30 – more than two for every guest – exceptional levels of service can be expected throughout your stay on board.

The facilities include a 12-metre (39ft) glass-panelled swimming pool on the main deck aft. There's a teppanyaki bar and a wet bar on the expansive sundeck, which also has a new lounging area, a big jacuzzi and a 14-seat dining table. She also has both indoor and outdoor cinemas, DJ decks in all of the large outdoor spaces, a state-of-the-art gym and a wellness spa with a hammam, a balcony and a beauty salon, a golf driving range on the heli deck and an RYA watersports centre. It would be fair to say that she's impressively well equipped.

The same can be said of her tenders and toys. These include an 18-metre (60ft) chase boat with seating for all 12 guests, plus four other tenders and a veritable armada of state-of-the-art toys. There's a 10-metre water slide, a fleet of five jet skis, four SeaBobs, an E-Foil board and a Schiller waterbike, a Laser Pico sailing dinghy, kayaks and paddleboards, comprehensive sets of waterskis, wakeboarding, diving and snorkelling kit, a 100 square metre extension for the bathing platform with a seawater pool, e-bikes, Segway scooters and more.
