CHLOE I

OVERVIEW.

CHLOE I is a Sanlorenzo SL106 that was delivered by the Italian shipyard in 2014. This 32.2m (105.6ft) motor yacht was built to RINA classification with a composite hull and superstructure. Her sleek interior and exterior design is conceived by the talented Francesco Paszkowski Design.

The popular SL106 series features a timeless exterior that incorporates functionality and design. CHLOE I's spacious sun deck has a versatile layout allowing for relaxation and entertaining for all. Forward is a covered dining table serviced by a full wet bar, and aft there are sun loungers and a jacuzzi. The main deck aft provides an alternative al fresco dining option with steps leading down to the swim platform and tender garage.

Her bright and contemporary interior is finished with warm woodwork and light soft goods throughout. CHLOE I's open-plan layout showcases oversized windows and a fold-down balcony to port in the main saloon, bringing the outdoors in. This space consists of a lounging area aft and a dining table for eight forward.

CHLOE I's five-cabin layout features a stunning full-beam, forward-facing owner's suite with bathroom and walk-in wardrobe. This oasis is filled with an abundance of natural light coming from her 180-degree windows and an overhead skylight. The remaining guest cabins are on the lower deck and consist of two VIP cabins aft and two convertible cabins forward.

Powered by twin MTU 16V2000M93 engines, CHLOE I has a maximum speed of 28 knots and a cruising speed of 25 knots. Her 2,000nm range allows for broad cruising, while fin stabilisers bring comfort and stability to those enjoying the ride.

This turn-key yacht has been meticulously maintained and privately used by her original owner and is ready for new adventures!

Key features

Flexible five-cabin layout accommodating up to 10 guests
