

CHRISTINA G

CHRISTINA G

APERÇU.

The 34m (110ft) CHRISTINA G offers a remarkable amount of living space on all three levels of her luxurious tri-deck interior, along with some excellent outside spaces to relax and unwind, socialise and celebrate, enjoying every moment of your time at sea. Designed to host eight or ten guests, with a longstanding captain and service from a highly motivated, expert crew of seven, she's a smart choice for a charter holiday with family or friends.

The sundeck is a highlight with its large jacuzzi pool, sun loungers and sofas – a great place to spend the afternoon anchored in a calm bay with elevated views of beautiful scenery and a warm, gentle breeze. There are also two plush outdoor lounge/dining areas on the upper and main aft decks.

Well equipped for watersports, her main tender is a high-performance seven-metre RIB and she carries a good inventory of toys. This includes a SeaBob underwater scooter, kayaks and paddleboards, inflatable tows, wakeboarding and waterskiing kit for adults and kids, fishing and snorkelling gear, plus gym and yoga equipment for your daily fitness and wellness routine.

Her spacious interior is stylish and modern, finished in blond and dark hardwoods with bespoke furniture throughout. The main deck saloon has a sociable lounge and an elegant dining area with a 10-seat table. It's an ideal space for entertaining and its floor-to-ceiling glass aft doors slide open wide to keep it connected with the outside aft deck. The skylounge is a comfortable living room with a 60-inch TV, also with its own open-air deck.

The master suite is an opulent full-beam cabin up front on the main deck with a sofa as well as a king size bed and a lavish en suite bathroom. The other four guest cabins are on the lower deck: two doubles and two twin-bed cabins with extra pullman bunks.

She's a notably efficient yacht with significantly lower than average fuel consumption – and thus a good option if one of your criteria for choosing a charter is a reduced carbon footprint. But that doesn't mean any compromise in comfort. With powerful stabilisers working at all times to minimise any motion caused by waves or swell, a smooth ride is assured whether you're enjoying an anchorage or cruising along the coast.
