# OVERVIEW.

A trusted and proven platform from Westport's popular 112 Series, DESPERADO spans 34.1m (112ft) in length with a volume of 212 GT. Built in 2007, the yacht has a sophisticated interior design by Westport and an exterior penned by Westport and Taylor Olson. The yacht has been well maintained and upgraded by her experienced yacht owner, most notably with the addition of zero-speed stabilizers – a very rare feature on this series Westport which greatly improves guest comfort at anchor.

The yacht's interior and exterior layout cater to both relaxation and entertainment. Her interior includes all neutral furnishings and fine wood detail throughout to provide a fresh and welcoming ambiance. The panoramic windows in the saloon and formal dining area flood the interior with natural light and allow for uninterrupted views. A beautiful open style eat-in galley is enjoyed by guests forward of the main deck dining area.

She can comfortably sleep up to eight guests in four cabins, all with en suite bathroom facilities, along with five crew. The full beam owner's suite is equipped with a king size bed, desk, walk in wardrobe, and his and hers en suite bathrooms. A VIP suite is located on the lower deck forward via a private entrance, and two additional guest cabins are located aft.

DESPERADO's exterior spaces embrace outdoor living with luxury amenities. The main deck aft offers al fresco dining and a sit-down bar. Her partially shaded sun deck provides a social area including plenty of seating with cocktail tables, sunpads, and a jacuzzi.

Twin 2,000hp MTU 16V2000 engines allow a top speed of 25 knots, and a cruising speed of 18 knots. An impressive 2,100nm range is achievable via the yacht's economical speed of 12 knots. DESPERADO is in turn-key condition and ready for new owners.
