

DUNIA BARU

DUNIA BARU

APERÇU.

DUNIA BARU is a 51m phinisi style yacht that was built with exquisite attention to detail over eight years and launched in early 2014. Constructed with traditional Indonesian methods showcasing the craftsmanship of the local Konjo shipbuilding community, DUNIA BARU merges old and new with all the high-spec amenities you might expect to find on a modern superyacht.

Staying true to her Indonesian name, DUNIA BARU takes private charter guests to a 'New World' saturated in luxury and adventure, whether it's witnessing a lava flow in Alor, surfing Sumbawa's perfect waves or diving among fields of pristine coral in Raja Ampat. Each itinerary is tailored according to guests' every desire, and sailing with DUNIA BARU will give guests the opportunity to swim among some of the most remote and astonishingly diverse reefs in the world, kayak in crater lakes, pitch up for picnics on deserted pink beaches and explore uninhabited islands where ancient Komodo dragons roam against a backdrop of smouldering volcanoes.

Originally built for families, DUNIA BARU makes for incredible adventures for both families and friends, with an expert crew of 18, including a cruise director, a dive instructor and a chef. She is equipped with the highest quality tech and active gear, including a Sonos Integrated sound system, top of the range dive gear, jetskis and more.
