# OVERVIEW.

ENVY is a 40.9m (134.2ft) yacht delivered by the renowned German shipyard Lurssen in 1995. Her dynamic, imposing exterior design is by the late Jorg Beiderbeck and her restful, welcoming, contemporary interiors are the work of Patrick Knowles Design.

She sleeps eight guests in four cabins. Her owner's cabin is a full-beam double cabin on the lower deck, for greater comfort underway, with a king size bed, a cosy lounge area, walk-in wardrobe and his and hers bathroom in marble with shower and jacuzzi. Two further double cabins complete the accommodation on the lower deck. For special guests she also has a full-beam VIP double cabin forward on the main deck, with panoramic views forward and an en suite bathroom.

Built in aluminium, her light weight and twin MTU engines (serviced in 2016) give her a top speed of 21kn. She underwent major upgrades in 2017/2018, and as part of this program she was fitted with zero speed stabilisers and underwater lighting. ENVY offers her new owner both a stylish yacht with Northern European pedigree, and excellent value.
