

EROS

EROS

APERÇU.

Step aboard EROS, a yacht where classic craftsmanship meets refined charter living. Built by Brooke Marine in the United Kingdom and first launched in 1939, this elegant schooner has been sensitively restored to blend historical character with modern comfort. Originally constructed as JEARNY and repurposed by the Royal Navy during the Dunkirk evacuations, she later sailed the Mediterranean under Greek shipping magnate Stavros Niarchos.

With her sweeping teak decks, graceful schooner rig and beautifully balanced lines, EROS captures the romance of traditional yachting. She sails with poise and purpose, yet life on board is slow and easy. Mornings are made for lounging in the sun or coffee under canvas; by afternoon, guests may recline in a hammock, take lunch alfresco, or enjoy the sea views from the breezy deckhouse, an inviting space that opens to the elements without ever feeling exposed.

Her interior echoes the same balance of authenticity and ease. Rich wood panelling, nautical detailing and soft textures create a warm, understated elegance throughout. She accommodates up to eight guests in four cabins: a full-beam master suite with a Jacuzzi bath, a spacious VIP, and two twin cabins. Her experienced crew of six ensures a seamless, personalised charter experience.

At anchor, EROS offers snorkelling, paddleboarding and waterskiing, or the simple pleasure of sailing under canvas with the wind as your guide. With a cruising speed of 8 knots and a top speed of 10, she invites you to go slowly and savour the journey.
