FAST 50

OVERVIEW.

Baglietto's FAST50 marks a new chapter in the evolution of the fast superyacht. Conceived for owners seeking both exhilarating performance and exceptional onboard volume, this 50-metre all-aluminium yacht seamlessly combines sporty dynamics with the comfort and scale more typically associated with displacement vessels. Remaining under 500 GT and highly customisable, the FAST50 further reinforces Baglietto's position at the forefront of the fast yacht segment.

Designed by Francesco Paszkowski, with interior styling on the first hull developed in collaboration with Margherita Casprini, the FAST50 showcases a contemporary aesthetic defined by sleek lines, expansive glazing and elegant proportions. Naval architecture by Pierluigi Ausonio ensures impressive performance, with four MTU 2000 M96L engines delivering a top speed of 30 knots.

Distinguished from previous generations of fast yachts, the FAST50 is arranged across three full decks and introduces a wide-body owner's suite on the main deck, creating significantly greater interior volume and a heightened sense of space. Large silk-screened hull windows maximise natural light while maintaining privacy and enhancing the yacht's striking exterior profile.

Balancing speed, comfort and bespoke design, the FAST50 offers a compelling proposition for owners who refuse to compromise between performance and lifestyle.

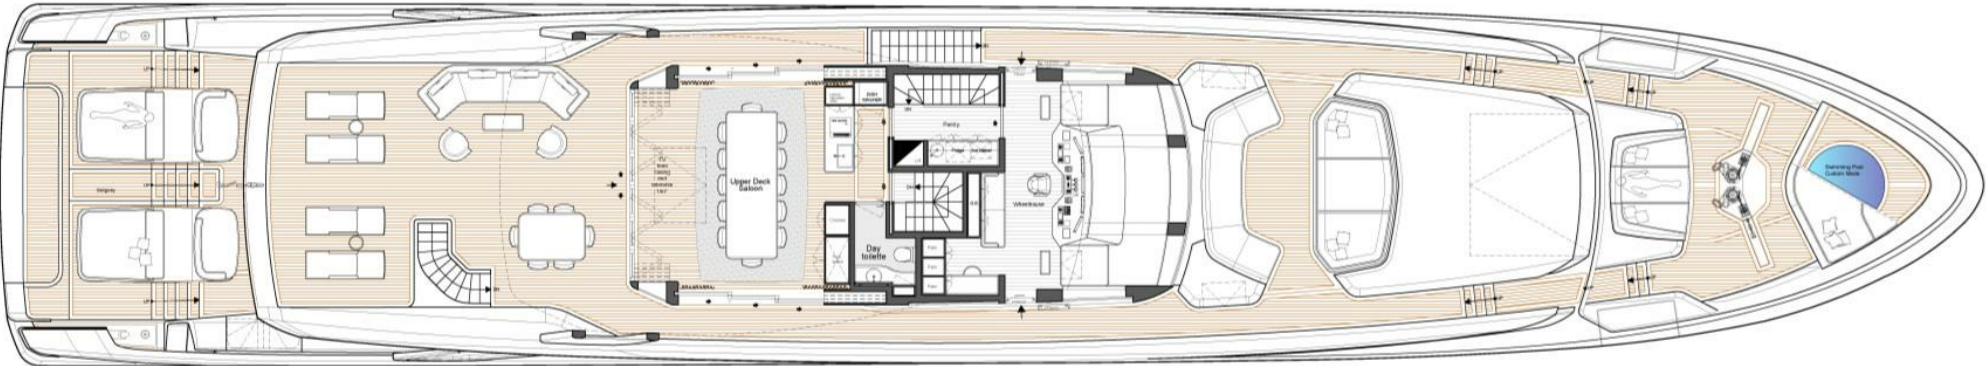

Key features

Accommodation for up to 10 guests in 5 cabins

Bow Jacuzzi Lounge

Fold down beach club

Alfresco dining area
