APERÇU.

FOCUS is a 153-foot (46.6m) North American Yachts originally built as GENESIS. Designed by Luiz De Basto, she was built in aluminum by North American Yachts and Shipbuilders and delivered in 2002 to a disabled client and has wheelchair access throughout. An interior by Ralph Lauren Home uses African makore mahogany and Tuscan marble throughout the yacht.

FOCUS has a unique, partially enclosed sundeck, her forward sun deck is fully enclosed and is flanked by windows that provide 270-degree views. The aft, exterior sun deck features a Jacuzzi and plentiful sunning space.

Built with an aluminium hull and aluminium superstructure, with teak decks, she benefits from a semi-displacement hull to provide exceptional seakeeping and impressive speeds. Powered by twin diesel Caterpillar (3512B) 12-cylinder 2,250hp engines running at 1925rpm, she comfortably cruises at 12 knots, reaches a maximum speed of 18 knots with a range of up to 5,000 nautical miles from her 21,496 gallon fuel tanks at 13 knots. An advanced stabilisation system on board promises exceptional comfort levels at anchor or on any voyage. Her water tanks store around 2,977 gallons of fresh water. She was built to ABS (American Bureau of Shipping) ✠A1, Yachting Service, AMS classification society rules, and is MCA Compliant.
