

G-FORCE

G-FORCE

OVERVIEW.

Speed. Space. Style. That's what you get when you charter the award-winning G-FORCE.

With a top speed of 31 knots and a cruising speed of 22 knots, this aptly-named sports flybridge yacht is the consummate island-hopper. She will expand your cruising range and the potential of your holiday, as you can go further and see more in the same time, as well as cutting a clean wake on the way.

On arrival the 5.5m Nautica tender continues the speed theme as its 285hp engine lets you explore, get ashore or enjoy the exhilarating tow toys. There's also a three-seater Sea-Doo jetski to add to the high-speed thrills.

Sleeping eight in five cabins, including a full-beam master cabin on the bridge deck, she offers her guests plenty of space. There are sun pads surrounding the sun deck jacuzzi, aft of the shaded lounges, more sun pads on the foredeck and well deck seating where you can feel the adrenaline with the wind in your hair, before enjoying a sundowner at anchor as the sun sets on another day of amazing adventures.

As for style, she is all about high contrast, with the theme of her black-and-white exterior being reflected in Jean-Pierre Gilardino's clean-lined interior, which he described to Boat International as 'simple, contemporary, chic and sophisticated - in essence the style is contemporary with Art Deco touches.' Gilardino's inspired design was recognised with the Interior Design category in the World Superyacht Awards 2007.

Chief among these 1930s touches is the bathroom in the master cabin, where the bevelled mirror and the wall lights perfectly frame the cinematic glamour of the age. Another highlight is the Macassar ebony dining table beneath a Murano-glass chandelier, surrounded by a semi-circle of sliding glass that opens onto the main deck aft.

With six experienced and professional crew to take care of guests' every need, G-FORCE always delivers unforgettable memories of amazing charters.

Key features

Maximum speed of 32 knots, perfect for thrill-seeking clients!
