

GO

GO

OVERVIEW.

GO boasts the high-quality finish, technology and the level of detail that is expected from a Feadship, but the surprise comes with the feeling of space onboard, given her size.

Originally 39m, Feadship extended her length to 43m in 2015 to offer greater outdoor living areas. There is a smooth transition through to the interiors as well, thanks to the natural teak, large windows and contemporary colour schemes that flow from the outside in.

Flexible accommodation for up to 10 guests is one of GO's most practical features, making her a highly sought-after charter yacht. She offers a full beam, main deck, master suite with dressing room and four guest cabins on the lower deck with can convert to two full beam VIP suites complete with their own lounge.

For those a little sensitive to the motion of the ocean, GO's steel hull means she is particularly stable on the water. This feature, along with her zero speed stabilisers makes her a steady platform. With a cruising speed of 11.5 knots and a low fuel consumption, she will be as economical on the water as she is comfortable.

The large swim platform folds down from the transom for easy access to the water. The crew can also convert this area into the perfect beach club setup for guests to make the most of her huge selection of watertoys. Furthermore, her 4m extension has allowed GO to accommodate a 6.4m tender to make trips ashore that more comfortable for guests. GO fits all the criteria for a fun filled family charter!
