

HOME

APERÇU.

HOME is arguably the most exciting, fresh and forward-thinking addition ever to this sector of the charter market. When this 49m (160.7ft) yacht was delivered by Heesen in 2017, she became the first yacht to combine Van Oossanen's super-efficient FDHF hull design with hybrid propulsion. This means lower emissions and fuel costs plus reduced vibration and noise, so you can feel good and do good on a yacht fully equipped to deliver a sensational charter.

Her stand out styling by Omega Architects features floor to ceiling glass in the main living areas and the full beam master cabin. This cascades natural light onto clean, contemporary Ibiza style interiors by Cristiano Gatto as well as creating a soothing connection between inside and out.

A roomy sun deck has sun loungers forward with glass screens to shield the breeze and deliver the views, a jacuzzi aft and a stylish sit up bar with designer lounge shaded by the hardtop in the middle. The upper deck's casual sky lounge has beanbags, day beds and teak decking that, together with the glass walls and sliding glass doors, link the space seamlessly with the open air dining area aft.

The main deck has spacious, relaxed lounging aft, perfect for snacks and cocktails, and the main saloon is divided into a day lounge aft with amazing views and a cosy TV lounge. A dining room forward has breathtaking vistas of every sunset. Add to that a shady beach club next to the large swim platform where you can enjoy all the latest watertoys, an air conditioned gym and bucket seats at the bow for when you want to feel the wind in your hair and you have an exceptional charter experience.

As well as incredible sightlines, the full beam master cabin on the main deck has a dressing room, en suite with shower, and a private office. On the lower deck a full beam VIP cabin, two double cabins and two twin cabins complete family friendly accommodation for 12 chilled guests.

For an unforgettable charter, there really is no place like HOME.

Principales caractéristiques

Cutting-edge Oossanen exterior styling with eye-catching vertical bow

Heesen's first Hybrid Propulsion System yacht – reduced vibration, less noise, efficient fuel & energy consumption

'Ibiza style' Christiano Gatto interior – contemporary, sophisticated clean lines with edgy design features
