

HURRICANE RUN

HURRICANE RUN

APERÇU.

On board HURRICANE RUN you can rest assured you are in experienced hands with her award winning credentials and long-standing crew. At 53.5m (175.6ft), the Feadship built yacht was delivered in 2009 and has since enjoyed one of the finest charter reputations in the entire charter fleet.

Step inside the open-plan main lounge area that shares a space with the formal dining area. Here you will discover the yacht's subtle yet striking décor, with a monochrome palette softened by natural shades. Once you have settled into your sumptuous master suite, changed and ready to enjoy the facilities on board, head out onto one of the three aft decks where you will have a choice of lounging areas. Protected from the elements by a glass partition, the sun deck is the social hub of the yacht where you can while away the day sunbathing on the loungers, chatting with other guests at the bar or soaking in the Jacuzzi.

When the heat of the day is at its height, retreat to cooler climes of the shaded dining area on the bridge deck and enjoy a delicious lunch prepared by the yacht's highly accomplished chef. The limestone table has footrests for ultimate comfort, encouraging guests to linger over their meals for long periods, however with so many activities on offer it's hard to sit still. The more active guests should head down to the swim platform where HURRICANE RUN's huge inventory of watersports toys have been set up by the crew. Whether you choose to dive into the water for a swim and snorkel or have fun messing about on the SeaBobs, try your hand at waterskiing or wakeboarding, or enjoy a more sedate paddle around on the kayaks, the yacht's toybox is packed to the brim.

Back on board while the children watch a movie, take time to freshen up before a sundowner on the sun deck. The sun having set, enjoy an al fresco dinner on the bridge deck or linger over dinner in the formal dining area with seating for up to 12. Those with energy left to burn can head back up to the sun deck where the crew will have transformed the helipad into a party deck with the multi-zone sound and visual system set up. Exhausted and ready for a deep slumber, the master suite beckons, while your guests can retire to one of the two double cabins or two twin convertibles – the perfect layout for large families or groups of friends.
