

INDIGO

INDIGO

APERÇU.

INDIGO is a 31.75 m Motor Yacht, built in Italy by CBI-Navi with interiors designed by Luca Dini and delivered in 1998.

The lower deck swim platform has plenty of room for sunbathing and spreading out with the water toys and offers easy access to the water. Two staircases lead up to the main deck aft, where a curving sofa is integrated into the stern and an oval table and additional chairs for sheltered alfresco dining. On the upper deck, the area can be shaded by a canvas for outdoor living throughout the day. Along the stern, there is a storage room for a tender, which is launched and retrieved using a Davit crane. One final alfresco living area can be found on the top deck, which offers the best views on board while the group stretches out on the surrounding sun loungers.

The lower deck hosts the guest accommodation, which consists of a sizeable Master suite fitted with a desk, daybed, a private staircase to the main salon and an en-suite bathroom finished in marble. A VIP stateroom and a triple cabin featuring a double bed and single bed finish off the guest areas, with crew accommodation also on this deck along with storage for water toys in the stern. On the main deck, the large open-plan environment places the formal dining area forward to enjoy port-side views while up to six guests savour a three-course meal. Refreshments will come from the starboard bar placed centrally to also serve guests seated on the aft sofas around the coffee table. Opposite, a staircase leads down to the Master suite.
