JICJ

OVERVIEW.

JICJ is a 29.06 m Motor Yacht, built in Italy by Sanlorenzo and delivered in 2023. She was designed by Zuccon International Project, who also designed the interior.

JICJ offers exceptional volumes for a yacht of her size, making her feel like a much larger vessel. In fact, her unique innovative asymmetric design provides 15% additional volume on the main deck. Floor-to-ceiling windows offer lots of natural light and amplify the effect alongside a sliding wall on the port side in the main salon, providing unparalleled panoramic views, bringing the beauty of the sea indoors.

JICJ boasts a 5 cabin layout with an additional pullman bed to accommodate a total of 11 guests. The Owner's stateroom offers direct access to the port side enhancing privacy and convenience.

Her exterior design is modern, sleek, and elegant. This yacht also features large exterior decks with areas both forward and aft intended for relaxing and entertaining with options to be in the sun or protected in the shade.

Equipped with 2 upgraded Kohler 45 kW generators, a Diamond Raymarine Navigation package, a Starling Maritime System, and a hard top with an electric blades opening roof, JICJ is ready for adventure.

With zero-speed stabilizers, this yacht ensures a smooth and comfortable experience on board. And while underway, she also is able to deliver on the thrills, reaching a max speed of 28 knots.

Key features

Revolutionary Asymmetric series

5 cabin layout with accommodation for 11 guests

Full hight windows with the port side sliding wall for best panoramic views

2 upgraded Kohler Generators of 45 kW and Diamond Raymarine Navigation package
