JULES

APERÇU.

Delivered in 2025, the 37m Benetti JULES is a brand-new expedition yacht built on the acclaimed B.Yond platform, combining long-range cruising capability with exceptional onboard comfort. Featuring naval architecture by PLANA Design and exterior styling by Stefano Righini Design, she boasts a steel hull, aluminium superstructure and a shallow 2.5m draft, offering impressive versatility for exploring a wide range of cruising destinations. Powered by twin 1,380hp MAN diesel-electric engines, JULES reaches a top speed of 14 knots, cruises comfortably at 10 knots and delivers a transoceanic range of 5,000 nautical miles. She is RINA-classed and IMO Tier III compliant. Designed to maximize her 37m platform, JULES offers expansive indoor and outdoor living spaces, including a panoramic sundeck, private owner's deck with terrace, spacious upper-deck salon and dining areas, a foredeck jacuzzi, and a beach club with sauna. Benetti's in-house designed interior combines contemporary styling with warm timber finishes, soft neutral tones and refined marble accents. She accommodates up to 12 guests in six ensuite cabins, including a private full-beam owner's suite with its own lounge and outdoor terrace, while a crew of up to nine ensures exceptional service. JULES is also equipped with two Williams Dieseljet tenders, providing the perfect platform for coastal exploration and enjoying time on the water.

Principales caractéristiques

Six spacious guest cabins

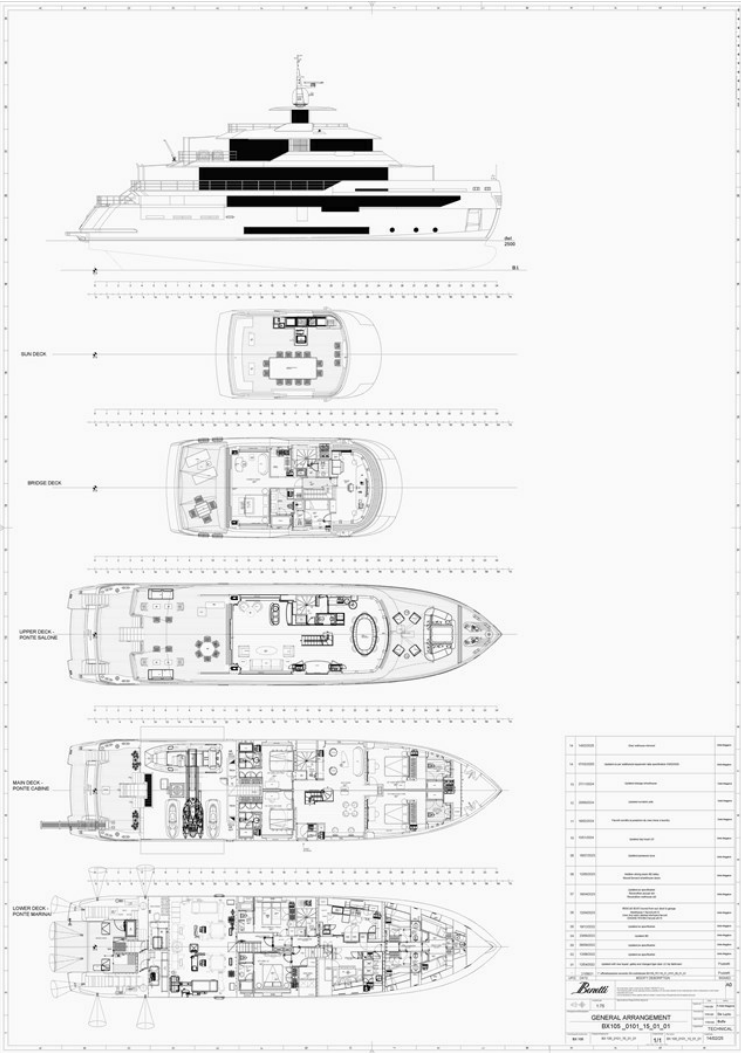

Volume comparable to a much larger yacht

Expansive exterior spaces for entertaining

5,000 NM Transatlantic range

Waterline beach club with sauna

IMO tier III compliant
