KIJO

# OVERVIEW.

**Offering a well judged combination of performance and luxury, KIJO is a spacious 44-metre tri-deck yacht from the highly esteemed Heesen shipyard. Designed to host up to 12 guests on board in five cabins with service from a crew of eight, she is notably swift for a yacht with so much outdoor and indoor living space, with an exhilarating top speed of 25 knots and a comfortable cruising speed of 17 knots. Not only does this significantly extend her range, effectively doubling the distance you can cruise in a day; it also means that in high season you can get up a bit later than people on most other yachts and still beat them to the best spot in a popular anchorage.**

Outdoor spaces are one of her strong suits with an open-air lounge in a Portuguese bridge on the foredeck as well as a good-sized sundeck with a large jacuzzi pool, a spacious lounge area and a large sunpad where you can relax in complete privacy. There are also two shady social areas on her upper and main aft decks where you can escape the heat and glare of the sun: an outdoor dining area for 12 on the bridge deck level and a relaxing lounge on the main deck aft, protected from the wind. She has some excellent exterior features like the full walk-around decks on her main deck level which invite you to start the day with a gentle stroll in the fresh morning air. She's an elegant yacht with a distinctive silhouette and her flawless navy blue and pure white paint job adds a touch of traditional yachting class.

She's beautifully finished inside, too, with a smart, stylish and luxurious interior by the renowned designer Terence Disdale in a palette of sultry earth tones, based on a contemporary theme with natural stone, fine leather and marble, silk sofas and blond hardwood floors. Big picture windows that flood the main saloon and skylounge with lots of natural light. Timeless styling, beautiful furnishings and sumptuous seating create an elegant, comfortable atmosphere.

At the forward end of the main deck with large windows all the way round, the full-beam master suite is a stand-out feature with a large sofa, a separate office and a full size bathtub as well as a shower in the en suite bathroom. The other guest cabins are amidships on the lower deck: two doubles and two twins with extra Pullman bunks, all with their own private en suite bathroom. She's a classy and compelling package for your next charter holiday with family or friends.

## Key features

---

**Regularly maintained**

---

**Shaded deck dining and deck areas**

---

**Jacuzzi on the sun deck**

---

**Zero speed stabilisers to reduce any rolling motion while at anchor**
