KINDA II

APERÇU.

KINDA II is a striking 60-meter Baglietto T60 superyacht that embodies contemporary Italian design, exceptional craftsmanship, and a seamless connection to the sea. Delivered in 2026, she was designed by renowned studio Francesco Paszkowski Design, with interiors developed alongside Margherita Casprini, creating an elegant and highly functional yacht experience.

Defined by her sleek profile, expansive glass surfaces, and open-plan layout, KINDA II is designed to blur the lines between indoor and outdoor living. Her standout feature is an impressive 60-square-meter beach club with a pool, lounge areas, bar, and gym space, creating a dynamic waterfront retreat. Retractable floor-to-ceiling glass doors connect the beach club directly to the main salon, forming an extraordinary two-level social area spanning approximately 100 square meters.

Accommodating up to 10 guests in five luxurious staterooms, KINDA II offers an exceptional owner's experience with a full-beam private apartment occupying the entire upper deck. The suite features an office, walk-in wardrobe, spacious ensuite, private terraces, and its own pool, delivering the comfort and privacy of a luxury penthouse at sea. A glass elevator services all decks, enhancing accessibility and convenience throughout the yacht.

Built with a steel hull and aluminum superstructure, KINDA II combines long-range cruising capability with elegant performance. Powered by twin Caterpillar engines, she reaches a top speed of 16 knots, cruises comfortably at 12 knots, and offers an impressive range of approximately 5,500 nautical miles.

A masterpiece of modern yacht design, KINDA II delivers expansive living spaces, innovative architecture, and a sophisticated onboard lifestyle tailored for owners and guests seeking an unparalleled luxury yachting experience.
