KING'S LAIR

OVERVIEW.

KING'S LAIR is a 34.37 meter (112.9ft) Motor yacht with excellent pedigree. She was built in GRP and Teak decks by Benetti in 2023.

Her exterior was designed by RWD and was made for entertaining. Her main deck aft features an infinity pool, drop down balconies, full-service bar, fire pit, and ample seating. For guests who enjoy sunbathing, there are sun pads located on the stern, bow, and sun deck. KING'S LAIR sun deck also boasts a large al fresco dining table with seating for 10 guests, a BBQ, and an additional full-service bar.

Her interior was beautifully designed by Bonetti and Kozerski Architecture with a main salon surrounded by floor-to-ceiling windows. Her sun-soaked main salon features two sofas, a round coffee table, and a large formal dining table forward.

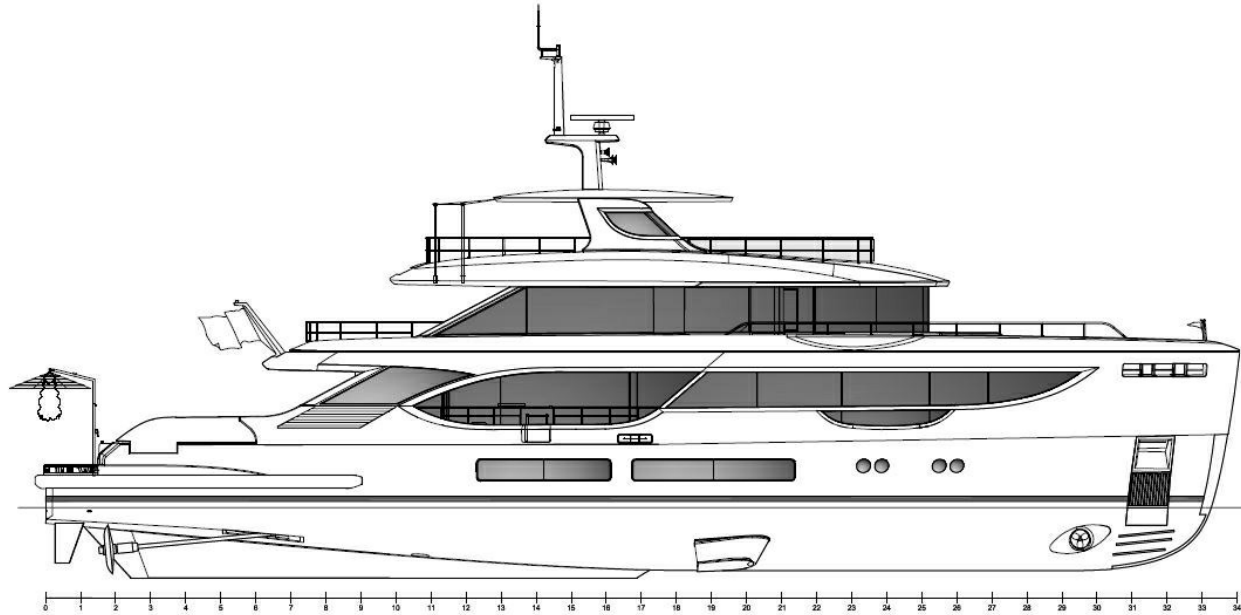

KING'S LAIR is configured to host 10 guests in five cabins. Her full-beam master cabin is located on the main deck and features oversized windows, large TV, desk, and a private en suite bathroom. Guests will find comfort in her two double cabins and two twin cabins located on the lower deck. The separate crew quarters can accommodate seven crewmembers.

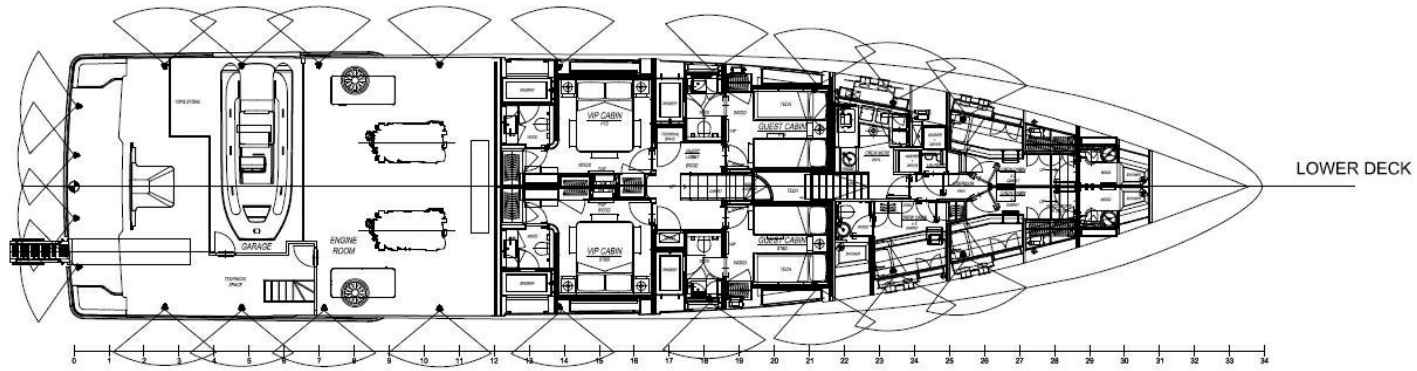

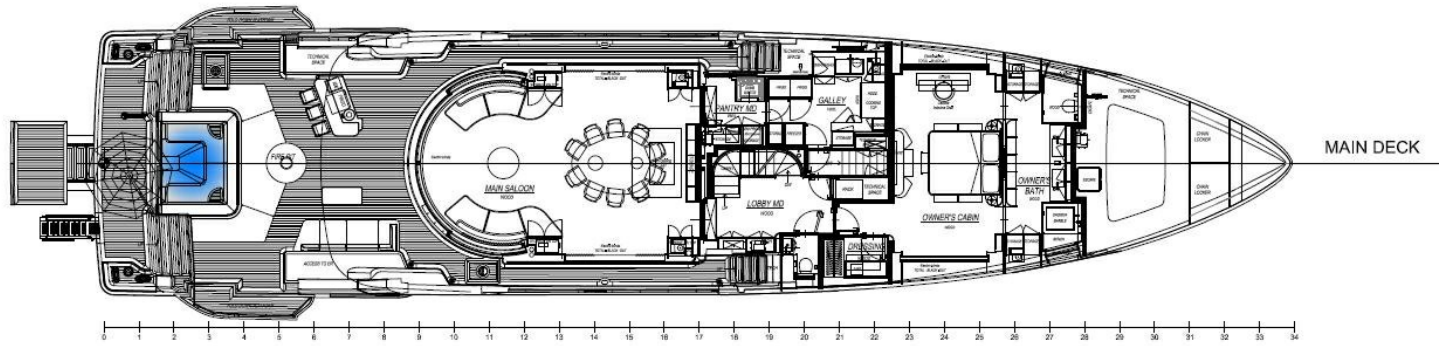

Her top speed is 16.0 kn and she boasts a maximum range of 3000.0 nm when navigating at cruising speed, with power coming from two MTU diesel engines.
