

LEGEND

LEGEND

APERÇU.

Do you want to explore life at the very edges of existence? Do you want to venture beyond civilisation and immerse yourself in a genuine wilderness? Do you want to dive beneath Antarctic icebergs in a submersible, heliski pristine slopes in Greenland, track bears on snow scooters in Alaska?

Then LEGEND is the yacht for you because there is nowhere this ice breaking leviathan can't go and nothing you can't do when you get there. Originally a Russian ice breaker, she was converted into a luxurious superyacht but retained her go-anywhere, do-anything capability.

Equipment includes a submersible for one pilot and two passengers, EC 135 and Robinson Light helicopters and a fully certified helipad, no fewer than nine tenders including an enclosed chase tender and a host of watertoys to enjoy in the time when you're not experiencing what few ever will.

With a private master deck with suite, two VIP suites, five double cabins and five convertible cabins, she is ready to give up to 22 guests the natural experience of a lifetime at the ends of the earth. She also gives them every possible comfort and amenity with dining tables and bars inside and out and plenty of deck space for sun lounging or exercise.

When you're back on board, downtime never felt so good. You can slip into the 16-person pool with waterfall feature on the main deck aft or get some me-time in the Balinese spa with sauna, jacuzzi and beauty salon. You can work out in the gym or catch a movie in the 14-person cinema. You can enjoy fresh produce cooked on the BBQ by one of two chefs and enjoy cocktails at indoor and outdoor bars.

The yacht can also accommodate up to 10 expedition staff to run on shore and underwater trips and you could invite a scientist along and help to conduct game-changing research while learning about this precious environment.

This is a yacht for guests who want to learn about natural wonders and find out more about themselves. LEGEND is a yacht for those who want to write their own.
