LEMON TREE

OVERVIEW.

The 61.5m (201.7ft) motor yacht LEMON TREE, delivered in 2021 by Sanlorenzo, combines sleek exterior styling with contemporary interiors by Francesco Paszkowski. Clean lines and a calming palette define the interior, while the shipyard's in-house team has shaped a modern, functional exterior with a strong sense of openness.

The bridge deck is centred around a generous aft guest area, offering a relaxed lounge, sit-up bar and sun lounging, with the flexibility for al fresco dining. Walkaround side decks and glass guardrails enhance space and views, while an elevator provides direct access to the main deck.

The upper deck is dedicated to the owner, offering a private retreat with a forward-facing master suite enjoying 180-degree views through full-height windows. Sliding doors open onto a foredeck terrace with a pool, sunpads, and flexible space for relaxation, entertaining, or wellness. Inside, the suite includes his-and-hers bathrooms, a study, and a walk-in dressing room. Aft, a sky lounge with panoramic windows opens onto a shaded deck with dining, bar, and lounging areas. The foredeck doubles as a touch-and-go helipad.

On the main deck aft, a large pool with sliding covers transforms into a sunpad, with steps leading to the swim platform and beach club. Inside, the main saloon is bright and inviting with warm tones and full-height glazing, flowing forward to a formal dining area and guest accommodation comprising two double cabins and three convertible cabins. A massage room adds flexibility as an optional guest or staff cabin.

One of LEMON TREE's highlights is the lower deck beach club, open on three sides with sea terraces and a large swim platform. Inside, a wellness area includes a hammam, steam shower, gym with sea views, dayhead, and a lounge with bar.

Powered by twin 1,875hp MTU engines, she reaches a top speed of 16.5 knots and offers a transatlantic range of 5,000nm at 11 knots. Zero-speed stabilisers ensure comfort both underway and at anchor.
