LUMINA

OVERVIEW.

With both the exterior and interiors created in collaboration with Cassetta Yacht Designers, LUMINA is more than just a high-end beauty.

Her clean exterior lines are exalted by the use of transparent glass fashion plates, allowing for a luminous interior experience elevated by the light naturally pouring in.

The expansive Sun Deck of 102 square meters allows guests to bask in the sun or find respite beneath the shaded hard top, embraced by its ocean-viewing freedom.

On the Upper Deck, the external lounge area in the bow is designed to be highly flexible. From the splendid open-air setting to take in the marine panorama to the privilege of the Jacuzzi, it can function according to guests' preferences throughout the day.

In the bow of the Main Deck, the full-beam Master Cabin surprises owners with an intimate office space, a generous wardrobe, and a private bathroom.

As the largest fiberglass yacht produced by Benetti, it is conceived to deliver ultimate liveability at sea.
