MALIA

OVERVIEW.

Built in 2023 by Golden Yachts, the 77.7m MALIA is an impressive yacht with a substantial 2,165GT volume. Her striking profile commands undeniable presence on the water and is complemented by exceptional amenities, from the expansive beach club to the luxurious spa and beautifully appointed living spaces. Full-height windows throughout create bright, open interiors with a seamless connection to the sea, flooding each space with natural light and uninterrupted views.

Interiors by Studio Massari are a true showcase of craftsmanship, incorporating over 250 different finishes – from exotic woods to precious stones. From the sculptural illuminated wave features in the main and upper saloons to cascading chandeliers entwined around the spiral staircase, every detail has been carefully considered to create a refined and immersive on board experience.

The lower deck beach club is a defining feature, opening directly onto a vast swim platform. Fold-down sea terraces on both sides extend the space, creating a calm, sea-level retreat with uninterrupted views and natural airflow. Furnished with relaxed seating, a wet bar, and generous lounging space, it also discreetly incorporates a hammam, sauna, and massage suite for a private wellness escape.

Exterior living is equally impressive. The main deck pool area, sun deck with bar, jacuzzi and lounge, and upper deck aft dining space all provide exceptional settings for both entertaining and relaxation, each offering a different perspective of the surrounding seascape.

Accommodation is for up to 17 guests across eight cabins. The full-beam master suite on the main deck stands out, complete with a private lounge and an adjoining twin cabin ideal for children. Two additional double cabins are located on the main deck, while the lower deck features one twin and three further double cabins.

Presented in outstanding condition and designed with both comfort and versatility in mind, MALIA offers a compelling opportunity for private ownership or continued charter use. As an award-winning yacht, she combines contemporary design with a highly refined on board experience, featuring an elevator connecting the lower through to the upper decks and a beautifully executed beach club at her core, making her a highly attractive option in her category. With one owner since her delivery, MALIA has also benefited from an additional EUR 5m investment in system upgrades. She presents in immaculate turnkey condition and is ready for years of seamless cruising.
