MINI

OVERVIEW.

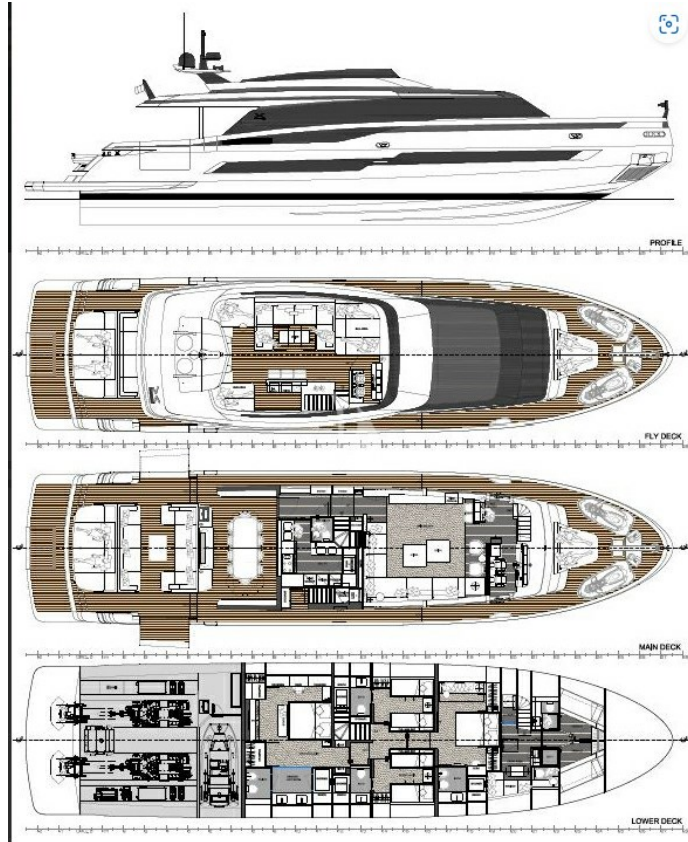

MINI K2 is an Extra X99 Fast motor yacht designed for high-performance cruising without compromising on comfort and elegance. Measuring 29.9 meters in length, with exterior styling by Francesco Guida Design and interior design by Luca Dini Design, this yacht seamlessly blends sportiness with contemporary luxury.

The spacious interior layout is enhanced by large hull windows, offering breathtaking panoramic views and exceptional natural light. The owner's suite and guest cabins are finished with high-quality materials, ensuring a refined and welcoming atmosphere.

The expansive bow area is ideal for relaxation, featuring generous sunpads and an exclusive lounge space. On the flybridge, MINI K2 boasts a fully equipped bar, a stylish lounge area, and ample sunbathing space, perfect for unwinding in total luxury. Onboard comfort is further enhanced by Seakeeper stabilizers and a sophisticated Dometic Condaria air conditioning system.

Powered by MTU 16V2000 M96L engines with MJP jet drive propulsion, MINI K2 achieves an impressive top speed of 34 knots, delivering outstanding performance even at high speeds. Built from high-quality GRP and certified by RINA, this yacht is the perfect choice for those seeking a dynamic cruising experience without compromising on elegance and safety.
