OVERVIEW.

Measuring in at a magnificent 85m (278.8ft) in length and with 2,350GT of volume, O'PTASIA is one of the largest and most advanced yachts built by the Greek shipyard, Golden Yachts. Working hand in hand with Italian-based designer Giorgio Vafiadis of Studio Vafiadis, the owner, who runs a successful yacht charter fleet as well as having varied interests in commercial shipping, has created a yacht designed for active living and pure, unadulterated comfort.

O'PTASIA comes to the sales market in pristine condition having undergone some major works over the 2023/24 winter period. Among her many alterations was a full paint job, the removal, reinstallation and polishing of all exterior rails, replacement of 80 percent of the teak rubber joints, full sanding of her teak decks, and a general overhaul of key machinery. She also successfully completed her five-year survey, while her interiors were refreshed with new carpets in the main and upper deck lounges as well as in the VIP cabin. The result is a yacht ready for immediate ownership and private use.

Sophisticated styling plus a host of entertainment options make her ideal for large family gatherings or impressive entertainment. Extensive decks provide a wealth of options, from the expansive beach club and wellness centre on the lower deck to the large pool and gym on the bridge deck. Multiple al fresco dining and sunbathing areas ensure versatility at every turn. A touch and go helipad is located on the foredeck and can be converted to an observation platform or games area. As part of her recent refurbishment, a new exterior table on the sun deck was constructed which further enhances her appeal for those looking for extra outdoor space.

Styled as contemporary with Art Deco influences, O'PTASIA's interior features a blend of dark woods paired with a light colour palette that evokes a sense of calm. The large, open plan main deck lounge hosts two seating areas and a separate dining area forward, while the upper deck lounge features a comfortable lounging area and bar.

O'PTASIA accommodates up to 22 guests in 10 well-appointed cabins. The master suite on the upper deck forward offers sweeping 180-degree views, his and hers bathrooms, a private office, and lounge seating. A full-beam VIP suite on the main deck serves as a second master, complete with a private lounge and twin walk-in wardrobes. Additional guest accommodation includes two doubles and a twin on the upper deck, plus four doubles (two convertible) and one twin on the main deck. All spaces have been refreshed, and an elevator connects the lower deck through to the bridge deck.

Powered by twin 3,386hp Caterpillar diesel engines, O'PTASIA has a top speed of 20 knots, a cruising speed of 16 knots and a maximum range of 10,015nm. Her zero speed stabilisers ensure a smooth cruising experience both underway and at anchor.

Key features

Designed, specified and constructed by a highly experienced multiple large yacht owner and team
