

OKTO

OVERVIEW.

The head turning OKTO was delivered in 2014 by the Italian shipyard ISA to an Andrea Vallicelli design, with interiors by the renowned Alberto Pinto, every inch of OKTO exhibits fine detailing and exceptional craftsmanship. With a host of unique features, OKTO also provides the perfect base for the ultimate charter experience.

Stepping on board guests will immediately be wowed by OKTO's striking grey and black decks. Made from an eco-friendly resin material by Esthec, unlike teak they allow high-heeled guests to roam freely on board. But who needs shoes when there is a 6m long infinity pool on the main deck, filled with either salt or fresh water, heated or cooled, the choice is yours. Following a refreshing dip, relax on the sumptuous sun loungers that surround the pool, and enjoy the beach club vibe. Stepping through the floor to ceiling glass doors that connect the aft deck area with the main saloon, guests are welcomed into OKTO's dazzling décor. A limited colour palette of black, white and silver, furnished with bold pieces of furniture and sculptures, combine to create a style that is contemporary and luxurious throughout.

Few places offer a better view than the sun deck, so to discover your surroundings take a dip in the raised jacuzzi with a view over the bow. Alternatively, you could work out in the air-conditioned gym with panoramic views and state of the art gym equipment. After an energetic morning, head down to the bridge deck aft and relax on the aft deck sofas, or head inside to the circular sky lounge and catch a film on the huge screen. For those looking for a more intimate space, a seating area forward of the bridge provides a private place to experience the magical solitude that being out on the ocean allows. The only disruption to your peace here might come from the helideck located forward, and it is also the perfect space for an al fresco workout or sunrise and sunset yoga sessions.

For thrill seeking charter guests, OKTO's 7.5m custom tender provides the ultimate platform for exploring the local setting, while watertoys include hoverboard, flyboard, Sea-Doos, and all sorts of toys. Speed and comfort continue back on board as you venture from anchorage to port, cruising in near silence at 16 knots. Equipped with zero speed stabilisers, on board comfort is the utmost in luxury. Rest assured all guests will sleep well in her sumptuous accommodation for 10 guests in five luxurious cabins.
