

OURANOS

OVERVIEW.

Cruise in the finest contemporary Italian style aboard the spacious, elegant and innovative OURANOS, a unique 50m (164ft) trideck Admiral superyacht that's loaded with technology and designed to host 12 guests in six luxurious suites, served by a crew of 12. She's ideal for watersports enthusiasts with an excellent beach club and an amazing array of equipment on board – including her own mini submarine.

Her bold, dramatic exterior looks will turn heads in any harbour and the interior, styled by Gian Marco Campanino, strikes a perfect balance between elegance and comfort with magnificent wide open spaces and plenty of private, intimate nooks to enjoy. She's beautifully finished with lots of leather, suede and marble, and contemporary art on the walls.

Her generous interior spaces are enhanced with high ceilings and huge windows throughout, especially in the sky lounge and main lounge. You'll wake up each morning to showstopping views through floor to ceiling windows – six on each side of the full beam master suite – and start the day in your own luxuriously large private space. Your guests, meanwhile, will be equally comfortable in their luxurious lower deck cabins with a glass elevator to whisk them up to join you on the sun deck for breakfast.

What's more, she's one of the quietest yachts you'll ever experience and virtually vibration-free. And with twice the usual number of stabilisers fitted, wherever you take her a super-smooth motion is guaranteed. There's a wide choice of sunbathing spots on board, both sociable and private, a wellness centre with a gym and massage table plus a family-size 4,000-litre spa pool up on the sun deck, of course.

Once the anchor's down, the beach club folds out on three sides and there's a huge choice of watersports to experience: not just jetskis and SeaBobs, she's got jetsurfs, and hoverboards too, and even a jet pack, plus a windsurfer, paddleboards, kayaks and a 16-metre water slide. There's also waterskiing, wakeboarding, inflatable tows, snorkelling, diving and submarine rides to enjoy. And for a real jolt of adrenaline you can jump into her 14m (45.9ft) Omega chase boat and blast off for an 80mph (130km/h) powerboat ride.

Back on board, the semi-enclosed dining space on her top deck is another standout feature, enabling you and your guests to enjoy spectacular sunset views over dinner while avoiding the evening breeze.

Key features

Named the 'Most Silent Yacht Ever Certified' by the RINA Classification Society
