PATHOS

APERÇU.

A 40-metre (131ft) Sunseeker yacht with tri-deck accommodation, maintained in immaculate condition, PATHOS offers everything you need for a perfect charter holiday experience with an abundance of space and contemporary style. Designed to host up to 12 guests on board in six cabins, with attentive service at all times from her eight crew, she has two separate master suites – one at the front end of the main deck, one on the upper deck above.

The other four guest cabins are two further doubles and two that convert from doubles to twins, with extra pullman berths. She is thus ideal for a wide range of guests. Six couples can cruise together with a nice cabin each; two families can share a charter on equal terms; or three generations of one large family can all have their own spaces on board.

The upper deck master suite flows directly out through the sliding glass doors into an expansive outdoor lounge on the upper aft deck. What better way to start the day than to stroll out into the sunshine, admire the seascape and feel the gentle sea breeze? This suite comes with its own sauna and walk-in closet, and the view from the aft-facing king size bed is superb.

The main deck master suite, meanwhile, is a finely crafted and finished full-beam cabin with private lounge and study areas, two big windows on both sides and a bathtub as well as a shower in its generously sized en suite bathroom.

The sundeck has a big, hexagonal jacuzzi pool, a sit-up bar and a convertible lounge/dining area with a hardtop overhead providing shade, an open deck aft with sun loungers and a large pop-up TV for movie nights under the stars. The foredeck is a separate, secluded space devoted to sunbathing and relaxation. There's also a comfortable outdoor lounge/dining area on the main deck aft.

She's also a great choice for watersports with two tenders and a good inventory of toys. These include a pair of two-seat SeaDoos, a couple of SeaBob underwater scooters, canoes and paddleboards, inflatable tows, water skis and fishing gear. And with active stabilisers to smooth her motion at sea and while she's anchored, your comfort on board is assured.
