PERLA LUNAR

OVERVIEW.

PERLA LUNAR represents a new generation of contemporary superyacht design. Delivered by renowned Italian shipyard Sanlorenzo, this striking 58.3m yacht combines remarkable volume, innovative architecture and a seamless connection to the sea. As the first yacht in the builder's new steel series, she offers the interior space and amenities typically associated with considerably larger vessels, while maintaining the elegance and efficiency for which Sanlorenzo is celebrated.

Designed inside and out by Zuccon International Project, PERLA LUNAR presents sophisticated living spaces bathed in natural light, expansive outdoor decks and a layout centered around privacy and wellbeing. Her standout beach club unfolds on three sides at water level, creating a spectacular waterside retreat complemented by wellness facilities and effortless access to the sea.

The dedicated owner's deck provides an exceptional private sanctuary, complete with panoramic views and exclusive outdoor areas, while guests are accommodated in luxurious suites that rival those found aboard much larger yachts. Throughout, PERLA LUNAR balances contemporary luxury with innovative engineering, delivering an exceptional cruising experience defined by comfort, space and serenity.

Key features

Dedicated owner's private deck

Extensive wellness facilities

Infinity pool on the main deck

Hybrid diesel-electric propulsion

Exceptional range and comfort
