OVERVIEW.

Embark on a journey of unparalleled luxury and sophistication with Burger's PROJECT 515, the second Burger 180 currently in build at Burger's shipyard in the United States. Crafted with meticulous attention to detail and designed to exceed your every expectation, this magnificent vessel promises an unforgettable yachting experience like no other.

Step aboard and discover a world of indulgence and comfort, where every detail has been carefully considered to ensure your utmost satisfaction. With six staterooms, including a lavish full-beam Owner's Stateroom and five exquisite Guest Staterooms, the yacht offers ample space for you and your guests to relax and unwind in style.

Luxury knows no bounds aboard PROJECT 515, with features such as a starboard side balcony in the Owner's Stateroom, offering breathtaking views of the surrounding seascape. The professionally designed commercial galley provides seamless service, with direct access to the sky lounge service pantry for added convenience.

Accessibility is paramount, with a handicap-accessible elevator servicing all four decks, ensuring that every guest can experience the ultimate in comfort and convenience. The flexible interior décor allows you to customize your yacht to suit your unique tastes, whether you choose your own designer or opt for an interior designed by the renowned De Basto Designs or Patrick Knowles Design.

Designed to maximize natural light and offer stunning panoramic views, the Burger 55m Motor Yacht features large windows throughout, creating an ambiance of spaciousness and tranquillity. The large windows in each crew stateroom ensure that even below deck, natural light abounds, creating a welcoming and inviting atmosphere.

Entertainment and relaxation are paramount aboard the Burger 55m Motor Yacht, with features such as the large aft deck Winter Garden, perfect for intimate dining experiences. The Infinity Deck aft, complete with a pool, provides easy access to the sea and offers expansive views of the surrounding landscape.
