OVERVIEW.

Rossinavi's Project Berserk 47 boasts a striking exterior that seamlessly combines elegance with functionality. She exudes a chic and commanding presence on the water, blending sophistication, with an aggressive military edge.

She is designed to carry multiple large toys, featuring a spacious storage area and hybrid, convertible spaces for maximum versatility.

The sleek lines of her exterior give her a modern and stylish appearance, while her angular contours and bold exterior elements provide a powerful character to the vessel. Spanning three decks, her exterior design is a masterful combination of refinement and strength and a testament to Rossinavi's commitment to pushing the boundaries of design.

Project Berserk 47 features interior design by The Touch Studio. The custom-build yacht has been created with the goal of navigating long distances and boasts a sturdy hull that allows cruising in remote areas, while ensuring absolute safety. A friendly draft of less than three metres, allows for increased accessibility to shallower ports and anchorages, enhancing the versatility of this superyacht.
