# OVERVIEW.

The name QUINTA ESSENTIA comes from ancient philosophy, where the Greeks believed all matter was made from four elements – Earth, Water, Fire, and Air – but a mysterious ‘fifth essence’ existed beyond the moon. In Latin, this perfect, life-enhancing element is called Quinta Essentia – the ultimate balance that alchemists and philosophers sought to achieve.

This innovative 55m all-aluminium hybrid superyacht boasts a modern and cutting-edge design. When paired with her stylish interiors, guests can expect a perfect combination of comfort, performance, and style.

The interior layout has been optimised to offer spacious and chic guest areas. From the custom-made staircase to the hand-detailed finishes, luxurious materials and bespoke features have been used throughout the yacht to match a stunning design with unparalleled quality.

As her name suggests, wellness and harmony are at the heart of life on board QUINTA ESSENTIA. From the main deck pool to the lower deck spa with its hammam, sauna, and treatment room, she offers a true sanctuary.

QUINTA ESSENTIA can accommodate up to 12 guests in six cabins including a master suite on the main deck and a VIP cabin with 180-degree panoramic views on the upper deck. The remaining accommodation can be found on the lower deck in the form of two VIP suites that can convert into four double cabins to suit every type of charter group or family.
