OVERVIEW.

HARGRAVE125 is a 38m motor yacht delivered by American shipyard Hargrave in 2025. Hargrave's in-house team has created the interior and exterior design of the superyacht.

HARGRAVE 125 offers accommodation for up to 10 guests in 5 suites. She is also capable of carrying up to 7 crew onboard to ensure a relaxed luxury yacht experience. Its contemporary profile has been shaped with lowered bulwarks along the main deck and large skylights aft on the sundeck, drawing light down onto the bar area and loose lounge seating below. Exterior highlights include a plunge pool positioned on the aft deck, cleverly paired with a forward-facing seating area to create a natural social hub for guests.

Powered by twin diesel Caterpillar (C32) 1,900hp engines running at 2300rpm, motor yacht HARGRAVE 125 is capable of reaching a top speed of 17 knots. Her semi-displacement hull design means she offers a great balance of space and speed.
