RISE

# OVERVIEW.

RISE is a Fjord 44 Open built in 2023 by the German shipyard Hanse Yachts AG. As the standout model in the Fjord range, the Fjord 44 Open is an ideal tender for yacht owners combining both performance and luxury.

RISE offers expansive deck space with wide walkaround decks centered around a stylish and clearly arranged dashboard. Two Volvo IPS 650 engines give her a top speed of 40 knots and are easily controlled with a joystick system. For even further ease of use, RISE is highly appointed with the top-of-the-range navigational instruments, including the Simrad Autopilot with electronic compass, additional multifunction display, and Simrad broadband HALO20+ radar. Her forward hydraulic anchor system guarantees easy deployment and allows for the anchor to be stylishly stowed when not in use.

RISE's custom light grey seating, highlighted by the adjustable aft seating, can be easily converted into a bathing platform. Above, the fibreglass an awning can be added to the T-top. Moving forward RISE has a galley, equipped with a sink, coffee machine and fridge. Plus two additional stainless steel draw fridges. Forward there are additional sun loungers rounding out an expansive deck space for the entire family.

RISE is specially equipped with the highest possible entertainment packages on a Fjord 44, providing surround sound speakers and subwoofer system throughout the deck space. Finally the highlight of the deck space is the hydraulic swim platform, providing comfortable and easy boarding and exiting. Moving below deck, RISE is equipped with a spacious full-beam master cabin and an additional second cabin with twin berths aft. With intuitive and creative use of space, her interior feels open while still providing maximum area for storage. Her large dayhead contains a separate shower area for guest use.

## Key features

---
