SCOTT FREE

OVERVIEW.

Built by renowned German shipyard Abeking & Rasmussen and delivered in 2009, the 60-metre motor yacht SCOTT FREE is now offered for sale. Maintained to impeccable standards, she reflects the combined brilliance of Donald Starkey Design for her exterior and Bannenberg & Rowell being the mastermind behind her interior.

SCOTT FREE can accommodate 12 guests in six well-appointed cabins. Her interior is a bold mix of contemporary design and comfort, featuring striking textures, vibrant accents, and a curated collection of unique artefacts. The main saloon features a neutral cream palette with citrus green highlights, a full-size cocktail bar, and a flowing layout that leads to a glass-topped dining table for 12. The expansive sky lounge encourages relaxation with its open plan, whimsical lighting, advanced AV systems, and another full-size bar—perfect for casual gatherings or movie nights. Her Art Deco-inspired master suite, located on the main deck, includes a private study, walk-in wardrobe, and a central spa bath with separate his-and-hers showers. Four guest cabins on the lower deck (two convertible into full-beam suites) and a multi-purpose bridge deck cabin offer versatile accommodation. A stunning silver spiral staircase connects the decks, serving as both a design statement and a functional centerpiece.

Beyond her elegant and comfortable interior, her exterior has no shortage of allure. SCOTT FREE's outdoor spaces are tailored for al fresco living, with a large jacuzzi, sun pads, loungers, gym equipment, and dining areas on both the main and bridge decks. A full tender garage holds an extensive collection of water toys and two custom tenders, launched via a bespoke system by Abeking & Rasmussen.

Powered by twin 2,000hp Caterpillar engines, SCOTT FREE cruises comfortably at 14 knots, reaching a top speed of 16 knots, with Quantum XT stabilisers ensuring smooth cruising. A proven world cruiser, SCOTT FREE has received multiple accolades, including a win at the International Superyacht Society Awards. She remains a standout example of European craftsmanship, imaginative design, and top-tier engineering.

SCOTT FREE returned to Abeking & Rasmussen in 2021/2022 to complete an extensive refit which included a full repaint, additions/alterations to her built in outdoor seating areas, and upgrades to most of her systems. With her 15-year class survey completed in 2024, SCOTT FREE is in true turn-key condition and ready to be enjoyed by her next owner.
