

SEAWATER

OVERVIEW.

The stunning Spanish Balearic islands offer fantastic opportunities, and what better to explore them than with friends and family on board the gorgeous SEA WATER II? Launched in 2020, the Sunseeker 86 SEA WATER II provides you and your guests with speed, space and style. With a 30-knot maximum speed, you'll be amongst the first to arrive at new anchorages, while her skipper knows the very best spots; whether you require the best nightlife, designer shopping, peaceful afternoons or on-looker-free discretion, the Balearics can offer all this with breath-taking scenery to match.

How better to enjoy pristine beaches, awe-inspiring cliffs and memorable Balearic sunsets than from the foredeck lounge area and substantial forward sunpads? Perhaps the sundeck cocktail bar and al fresco lounge area offers the answer.

Once the sun has set, you can enjoy a feast of delights in the cockpit dining area or formal dining area in the stylish main lounge. Plush sofas and seating make this space comfortable and welcoming and perfect for aperitifs or digestifs with your special guests.

Whether you're returning from an all-night club, had an early night with your family, or have spent the evening catching up with friends, SEA WATER II has guest suites to relax and recharge. The full-beam master suite is furnished on each side with large hull windows, and opening portlights allow the scents of local flora to drift through the suite. A walk-in wardrobe, desk area, and en suite bathroom provide this secluded retreat with all you need. Forward, also on the lower deck, is the double VIP suite accessed via a private staircase. With a desk and an en suite bathroom, it's the perfect suit for your special guests. Also, on the lower deck, there are two twin-berth suites accessed from the same lobby as the master suite, so whether they are used for friends or children, you're guaranteed a good night's sleep.

When you and your guests are not relaxing on board SEA WATER II, plenty of activities are available for all ages, whether you enjoy being towed at speed on inflatables or exploring the coastline by SUP. Perhaps you'd prefer to explore the Mediterranean sea life with SeaBobs and snorkelling equipment or just unwind in the azure blue waters.

However you'd like to spend your time on SEA WATER II, her highly experienced professional captain and crew will do all they can to ensure your time on SEA WATER II creates the best memories.

Key features

Hydraulic swim platform

A crew with local expertise

Zero speed stabilisers to reduce any rolling motion while at anchor
